INDEPENDENT AUDITOR'S REPORT

May 9, 2016

To the Borough Council
Borough of Swarthmore
Swarthmore, Pennsylvania

Report on the Financial Statements

We have audited the accompanying cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Swarthmore, Swarthmore, Pennsylvania, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements in order to design audit procedures that are

To the Borough Council
Borough of Swarthmore

appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position - cash basis of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Swarthmore, Swarthmore, Pennsylvania, as of December 31, 2015, and the respective changes in financial position - cash basis, thereof and the respective budgetary comparisons - cash basis for the General Fund, Pension Tax Fund, and Highway Aid Fund, for the year then ended in conformity with the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Swarthmore's basic financial statements. The supplementary information on pages 38 to 44 and the combining and individual fund financial statements on pages 45 to 47 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information and combining and individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

To the Borough Council
Borough of Swarthmore

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 9, 2016 on our consideration of the Borough of Swarthmore's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Swarthmore's internal control over financial reporting and compliance.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting entity

The Borough of Swarthmore is a municipal corporation existing and operating under the Borough Code of the Commonwealth of Pennsylvania. The accompanying financial statements present the primary government.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position - cash basis and the statement of activities - cash basis) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement focus is a term used to describe "how" transactions are recorded within various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the government-wide statement of net position - cash basis and the statement of activities - cash basis, both governmental and business-type activities are presented using the economic resources measurement focus, within the limitations of the cash basis of accounting, as defined.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

In the fund financial statements, the "current financial resources" measurement focus, as applied to the cash basis of accounting, is used as appropriate:

All government and proprietary funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on the balance sheet - cash basis and statement of financial position - cash basis. The operating statements present sources and uses available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide statement of net position - cash basis, statement of activities - cash basis, and the fund financial statements, governmental and business-like activities are presented using the cash basis of accounting. This basis recognizes assets, liabilities, net position/fund equity, revenues, and expenditures/expenses when they result from cash transactions in the government-wide statements and proprietary fund statements. Additionally, long-term assets and liabilities, including capital assets and debt, are excluded from the statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable, capital assets, and revenue for billed or provided services not yet collected), and certain liabilities and their related expenses (such as accounts payable, debt and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the Borough utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

Financial Statement Presentation

The government reports the following governmental funds:

- The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

- The *Pension Tax Fund* is a special revenue fund used to account for the collection of taxes used to fund the Borough's pension plans. The primary revenue stream is real estate taxes and grants revenue.
- The *Capital Reserve Fund* is a capital fund used primarily for purchase of major pieces of equipment.
- The *Capital Projects Fund* is a capital fund used to account for the various capital projects within the Borough.
- The *Highway Aid Fund* is a special revenue fund used to account for highway-related projects in the Borough. The primary revenue stream is grant revenue.
- The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest payments on long-term debt of governmental funds.
- The *Community Revitalization Fund* is a capital fund used to account for community improvements.

The government reports the following proprietary fund types:

- The *Sewer and Solid Waste Fund* is a proprietary fund used to account for revenue and expenditures relating to sewer, recycling, and trash. Revenues include money from current and delinquent sewer and trash fees, and recycling sales. Expenditures include sanitary and storm sewer maintenance and repair, sanitary sewage treatment, trash collection, recycling collection, and an allocated portion of Borough administrative expenditures.
- The *Sanitary Sewer Fund* is a capital proprietary fund used for major sanitary sewer repairs. Revenue is derived from money raised by sewer fees assessed in the Sewer and Solid Waste Fund. The monies are transferred to the capital fund annually. Expenditures are restricted to repairs of the Borough's sanitary sewer lines and related engineering costs.

The government reports the following fiduciary fund types:

- The *Pension Trust Funds* account for the activities of the Police and Employees' Pension plans, which accumulate resources for pension benefit payments to qualified employees.
- The *Agency Funds* account for assets held by the Borough as an agent for individuals, private organizations, other governments, and other funds.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes, and other charges between the government's sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items.

Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

Operating expenses for enterprise funds include payroll, intergovernmental payments, and treatment costs. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Use of Estimates

The preparation of the financial statements in conformity with the cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Assets, Liabilities, and Net Position or Equity

Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Investments for the Borough are reported at fair value. The Pennsylvania Local Government Investment Trust operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

With the exception of pension trust funds, state law allows the government to invest in obligations of the United States of America, the Commonwealth of Pennsylvania, or any agency or instrumentality of either, which are secured by the full faith and credit of such entity. The law also allows for the government to invest in certificates of deposit of banks, savings and loans, and savings banks both within and outside the Commonwealth of Pennsylvania, provided such amounts are insured by the Federal Deposit Insurance Corporation ("FDIC") or other like insurance, and that deposits in excess of such insurance are collateralized by the depository. The state also imposes limitations with respect to the amount of investment in certificates of deposit to the extent that such deposits may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets, net of its liabilities. The government may also invest in shares of registered investment companies, provided that investments of the company are authorized investments, as noted above. The government has adopted an investment policy.

The law provides that the government's pension trust funds may invest in any form or type of investment, financial instrument, or financial transaction if determined by the government to be prudent. The Borough is authorized by Borough Council to invest in accordance with the laws of the Commonwealth of Pennsylvania and the approved investment policy statement.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans) or "advances to/from other funds" (i.e. the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances". Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Property Taxes

Property taxes are levied as of January 1 on property values assessed as of the same date.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Sewer and trash fees are assessed as of the same date. Taxes and fees are billed February 1 and payable under the following terms: a two percent discount February 1 through March 31; face amount April 1 through May 31; and a 10 percent penalty after June 1. Any unpaid bills at December 31 are subject to lien, and penalties and interest are assessed.

Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused sick pay benefits. There is no liability for unpaid accumulated sick pay benefits in the financial statements since they are being reported on the cash basis of accounting, as described in Note 1. The liability at December 31, 2015 was \$227,150.

Long-term Obligations

Long-term debt and other long-term obligations are expensed as paid under the cash basis of accounting. Any issuance premiums or discounts, as well as issuance costs, are recorded as other financing sources and used at the time of issuance.

Net Position

In the government-wide financial statements and the proprietary funds, net position is classified in the following categories:

- Restricted Net Position – This category presents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This category represents net position of the entity, not restricted for any project or other purpose.

Fund Balance

Governmental funds report fund balance in classifications based primarily on the extent to which the Borough is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. Fund balance for governmental funds can consist of the following:

- Non-spendable Fund Balance – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

- Restricted Fund Balance – includes amounts that are restricted for specific purposes stipulated by external resources providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- Committed Fund Balance – includes amounts that can only be used for the specific purposes determined by a formal action of the Borough's highest level of decision-making authority, the Borough Council. Commitments may be changed or lifted only by the Borough taking the same formal action that imposed the constraint originally (for example: resolution and ordinance).
- Assigned Fund Balance – includes amounts intended to be used by the Borough for specific purposes that are neither restricted nor committed. Intent is expressed by (a) the Borough Council or (b) a body (a budget, finance committee, or Borough Manager and Director) to which the assigned amounts are to be used for specific purposes. Assigned amounts also include all residual amounts in governmental funds (except negative amounts) that are not classified as non-spendable, restricted, or committed.
- Unassigned Fund Balance – this residual classification is used for all negative fund balances in Special Revenue, Capital Projects, and Debt Service funds; or any residual amounts in the General Fund.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned. In all cases, encumbrance amounts have been assigned for specific purposes for which resources already have been allocated.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

Annual budgets are adopted on the cash basis of accounting which is a basis of accounting other than generally accepted accounting principles for all funds except the capital projects funds (including sanitary sewer). All appropriations lapse at year end unless the Borough Council approves a carry-over of an unused budget line item.

Beginning at least 30 days prior to the adoption of the budget, a proposed budget is prepared in a manner designated by Borough Council. Notice that the proposed budget is available for inspection is published by the Borough Secretary in a newspaper of general circulation. The

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont'd)

budget is then made available for a 10-day period. The Council must adopt the budget through a motion by December 31. It is also the duty of Council to adopt an ordinance levying taxes as allowed by Borough Code. All budget revisions require the approval of the Borough Council.

Excess of Expenditures Over Appropriations

For the year ended December 31, 2015, the General Fund expenditures exceeded appropriations in the categories of general government (\$7,102), public works - highways and streets (\$18,430), culture and recreation (\$34,915), and debt service principal and interest (\$20,212 and \$4,892, respectively), totaling \$85,551. These expenditures were funded by greater than anticipated revenues and a reduction of expenditures in other areas.

For the year ended December 31, 2015, Highway Aid Fund expenditures exceeded appropriations in the category of Highways and Roads in the amount of \$3,075. These expenditures were funded by greater than anticipated revenues.

Deficit Fund Balance

As of December 31, 2015, the Debt Service Fund had a deficit fund balance of \$20,649. Real estate tax collections will be used to eliminate this deficit balance in future years.

NOTE 3 DETAILED NOTES ON FINANCIAL ACTIVITIES

Deposits and Investments

Custodial Credit Risk – Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the Borough's deposits may not be returned to it. As of December 31, 2015, the Borough's carrying amount of deposits was \$1,702,089 (includes pension trust and agency funds), and the bank balance was \$1,711,871, the difference being outstanding checks and deposits. Of the bank balance, up to \$113,092 is covered by federal depository insurance. Any balances exceeding federal depository insurance are exposed to custodial credit risk because it is uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the Borough's name. The risks of default are eliminated due to the constraints imposed upon allowable investment instruments by the Borough's investment policy and through state limitations.

As of December 31, 2015, \$1,598,779 of the Borough's deposits was in the Pennsylvania Local Government Investment Trust ("PLGIT"). Although not registered with the Securities and Exchange Commission and not subject to regulatory oversight, PLGIT acts like a money market mutual fund

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 3 DETAILED NOTES ON FINANCIAL ACTIVITIES (cont'd)

in that its objective is to maintain a stable net asset value of \$1 per share, is rated by a nationally recognized rating organization (Standard & Poor's rating of AAAM as of December 31, 2015), and is subject to an independent annual audit.

Custodial Credit Risk – Investments

For an investment, this is the risk that, in the event of a failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in possession of an outside party.

As of December 31, 2015, the Borough had the following investments:

	Fair Value
Fiduciary Funds:	
Mutual funds - fixed income	\$ 1,733,212
Mutual funds - international fixed income	440,364
Mutual funds - equity	2,716,616
Mutual funds - international equity	1,247,974
Total Fiduciary Funds	\$ 6,138,166

Investments in external investment pools, such as mutual funds, are disclosed but not subject to interest rate, custodial, credit, or concentration risks because they are not evidenced by securities that exist in physical or book entry form.

Interfund Transfers and Receivables/Payables

<u>Transfers Out:</u>		<u>Transfers In:</u>	
General Fund	\$ 43,875	Capital Reserve Fund	\$ 43,875
General Fund	32,400	Capital Projects Fund	32,400
General Fund	27,424	Highway Aid Fund	27,424
Sewer and Solid Waste Fund	30,000	Sanitary Sewer Fund	30,000
Sewer and Solid Waste Fund	5,625	Capital Reserve Fund	5,625
Total	\$ 139,324	Total	\$ 139,324

General fund transfers to the capital projects fund and capital projects transfers to the capital reserve fund were made to set aside funds for future capital projects. General fund transfers to the highway aid fund were made to reimburse the fund for expenditures made in prior years which were not eligible to be purchased using highway aid funds. Sewer and solid waste fund transfers to the sanitary sewer fund were made to set aside funds for sanitary sewer activities.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 3 DETAILED NOTES ON FINANCIAL ACTIVITIES (cont'd)

The composition of interfund balances as of December 31, 2015 is as follows:

<u>Receivable To:</u>	<u>Amount</u>	<u>Payable From:</u>	<u>Amount</u>
General Fund	\$ 100,138	Sewer and Solid Waste Fund	\$ 100,138
General Fund	<u>817</u>	Capital Projects Fund	<u>817</u>
	<u>\$ 100,955</u>		<u>\$ 100,955</u>

Interfund balances exist to reimburse funds for costs incurred by other funds, generally as a result of a cost which affects both funds being paid in full by one fund.

Leases

Operating Leases

The Borough leases various pieces of office equipment under non-cancelable operating leases. Total liabilities under these leases are considered immaterial to the financial statements.

Capital Leases

The assets acquired through capital leases are as follows:

<u>Asset</u>	<u>Governmental Activities</u>
Vehicles	\$ 69,013

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2015, were as follows:

<u>Year Ending December 31,</u>	<u>Governmental Activities</u>
2016	\$ 11,164
Total Minimum Lease Payments	11,164
Less: amount representing interest	<u>(681)</u>
Present value of minimum lease payments	<u>\$ 10,483</u>

BOROUGH OF SWARTHMORE
 NOTES TO FINANCIAL STATEMENTS
 DECEMBER 31, 2015

NOTE 3 DETAILED NOTES ON FINANCIAL ACTIVITIES (cont'd)

Long-term Debt

General Obligation Notes: The Borough obtains general obligation notes to provide funds for the acquisition and construction of major capital assets. General obligation notes have been issued for both governmental and business-type activities. The original amount of general obligation notes issued in prior years was \$4,975,000. During fiscal year ended December 31, 2015, the Borough did not issue any new general obligation notes.

General obligation notes are direct obligations and pledge the full faith and credit of the government. These notes are generally issued as 15 - 20 year notes with varying amounts of principal maturing each year.

There is no liability for long-term debt in the financial statements since they are being reported on the cash basis of accounting, as described in Note 1. As of December 31, 2015, general obligation notes arising from cash basis transactions, payable from governmental fund resources consisted of the following:

Purpose	Interest Rates	Amount
Governmental Activities	0.953% to 4.633%	\$ 1,299,436
Business-type Activities	0.953% to 4.633%	763,564
		\$ 2,063,000

Interest Rate Management: The Borough has notes outstanding with Delaware Valley Regional Finance Authority ("DVRFA") as described below. The DVRFA has issued bonds to provide funds for these loans and has entered into interest rate swap agreements with Bank of America ("BANA") and Citibank. The objective is to reduce the costs of participants in the DVRFA Loan Program and to enhance the ability of participants to manage their interest rate risks. The interest rate swaps serve as hedges against swings in the cash flows that would be required to repay outstanding debt.

Terms: The significant terms of the interest rate swap was as follows:

Description	Date of Issue	Maturity Date	Principal Outstanding	Type of Note	Rate in Effect at Year End	Market Value
GO Note	2002	2022	\$ 259,000	Fixed	1.925%	\$ 47,291
GO Note	2004	2024	393,000	Fixed	2.400%	71,758
GO Note	2006	2026	566,000	Fixed	4.633%	103,346
GO Note	2008	2028	368,000	Variable	.935%	67,193
GO Note	2013	2033	477,000	Variable	.935%	87,095
			\$ 2,063,000			\$ 376,683

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 3 DETAILED NOTES ON FINANCIAL ACTIVITIES (cont'd)

Interest Rate Risk: The Borough has the option under the loan agreements to pay a variable rate of interest or a fixed rate. If the Borough elects the variable rate, the interest rate, based upon the Securities Industry and Financial Markets Association Municipal Swap Index (the "Municipal Swap Index"), adjusts weekly with a maximum interest rate of 15 percent. If the Borough elects a fixed rate, the rate, with terms and conditions selected by the Borough, would be set based upon the fixed rate swap market at that time with a new confirm executed by DVRFA under the DVRFA Swap Agreement. The Borough has the option to convert all or a portion of the variable rate notes to a fixed rate at any time to mitigate the exposure to changes in interest rates.

Basis Risk: The Borough does not have a basis risk.

Credit Risk: The Borough is exposed to credit risk on the swaps only when their fair values are negative or liabilities. At December 31, 2015, the swap had a positive fair value and the maximum amount of loss due to credit risk is zero. The long-term unsecured senior debt ratings of DVRFA are currently A2 and A+ by Moody's and Standards & Poor's, respectively.

Termination Risk: The Borough is obligated to pay any termination payment associated with the portion of the DVRFA Swap Agreement allocable to the applicable note. A termination payment may be incurred due to the termination of all or a portion of the DVRFA Swap Agreement with the mutual consent of DVRFA, BANA, Citibank, and the Borough. These termination payments could be triggered in the event of (i) a payment default by the Borough under the Loan Agreement; (ii) a payment default by DVRFA, BANA, or Citibank under the DVRF A Swap Agreement; (iii) the occurrence of events that may precipitate a payment default by DVRFA, BANA, or Citibank; or (iv) the downgrading of the long-term, unsecured, senior debt ratings of BANA, Citibank, or DVRFA.

In all instances of termination, except a payment default on a note converted to a fixed rate, DVRFA would seek to replace the DVRFA Swap Agreement with a new interest rate swap agreement with similar terms and conditions. The amount of the termination payment is determined by the market value of the DVRFA Swap Agreement; therefore, the cost or income of the replacement swap should offset the cost or income from the termination payment.

DVRFA may not be able to secure the replacement interest rate swap if the swap market is not functioning normally or if DVRFA does not have access to the swap market. If DVRFA was obligated to make a payment and sufficient funds were not available, DVRFA could assess each borrower its allocable share of the termination payment.

The estimated termination payment (i.e., the market value) for the DVRFA Swap Agreement allocable to the Borough debt as of December 31, 2015, is shown in the table on the previous page. In the event of a termination payment, DVRFA would assess the net loss, if any, to the Borough. Any net gain on the termination payment allocable to variable rate notes would be retained by DVRFA.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 3 DETAILED NOTES ON FINANCIAL ACTIVITIES (cont'd)

Rollover Risk: This is the risk that the derivative does not last as long as the associated debt is outstanding. There is rollover risk on the interest rate swaps only to the extent that the swaps may be terminated prior to the maturity of the debt, as described above. Absent a termination event, the swap is scheduled to mature at the same time as the related debt.

Market Access Risk: The Borough does not have this risk.

An analysis of debt service requirements including sinking fund requirements to maturity on these obligations is as follows:

Governmental Activities:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Maturities</u>
2016	\$ 97,001	\$ 36,254	\$ 133,255
2017	95,111	36,031	131,142
2018	105,819	34,901	140,720
2019	109,599	32,143	141,742
2020	114,008	28,358	142,366
2021 - 2025	526,577	82,871	609,448
2026 - 2030	199,671	20,130	219,801
2031 - 2033	51,650	2,652	54,302
	<u>\$ 1,299,436</u>	<u>\$ 273,340</u>	<u>\$ 1,572,776</u>

Business-type Activities:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Maturities</u>
2016	\$ 56,999	\$ 21,303	\$ 78,302
2017	55,889	21,172	77,061

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 3 DETAILED NOTES ON FINANCIAL ACTIVITIES (cont'd)

A schedule of changes in debt is as follows:

	Beginning Balance 1/1/15	Additions	Reductions	Ending Balance 12/31/15	Amounts Due Within One Year
Governmental Activities:					
Capital lease	\$ 32,817	\$ -	\$ 22,334	\$ 10,483	\$ 10,483
GO Notes	1,490,616	-	191,180	1,299,436	97,001
Compensated absences	215,534	30,931	19,315	227,150	-
OPEB obligation	237,121	39,128	-	276,249	-
Total Governmental Activities	1,976,088	70,059	232,829	1,813,318	107,484
Business-type Activities:					
GO Notes	835,384	-	71,820	763,564	56,999
Total Business-type Activities	835,384	-	71,820	763,564	56,999
Total	\$ 2,811,472	\$ 70,059	\$ 304,649	\$ 2,576,882	\$ 164,483

For the year ended December 31, 2015, interest expense for the governmental activities and the business-type activities was \$41,008 and \$13,812, respectively.

NOTE 4 OTHER INFORMATION

Risk Management

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. The Borough participates in the Delaware Valley Insurance Trust pool. The insurance expense for the year ended December 31, 2015 was \$63,694. The pooling agreement permits the pool to make additional assessments to its members. The Trust declared a dividend in 2015. The Borough's share of the dividend distribution was \$21,540. At December 31, 2015, there were no additional assessments due or anticipated.

The Borough is also a member of the Delaware Valley Workers' Compensation Trust ("DWWCT"), a risk retention pool. The insurance expense for the year ended December 31, 2015 was \$76,128. The Trust declared a dividend in 2015. The Borough's share of the dividend distribution was \$15,097. At December 31, 2015, there were no additional assessments due or anticipated.

Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustments by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 4 OTHER INFORMATION (cont'd)

the government expects such amounts, if any, to be immaterial. In the normal course of business, there are various relatively minor claims and suits pending against the Borough, none of which materially affect the financial position of the Borough.

Employee Retirement Systems and Pension Plans

Defined Benefit Pension Plan

The Borough administers two single-employer defined benefit pension plans, the Municipal Police Pension Plan and the Employees' Pension Plan. All eligible full-time police and non-uniformed employees participate in the plans, except for employees hired after January 1, 2010. Following are details of these two plans.

The most recent valuation was as of January 1, 2015. Details below are from the valuation.

	Police	Employees'
Retirees and beneficiaries currently receiving benefits	6	6
Terminated employees entitled to benefits not yet receiving them	-	-
Active employees	9	7
Total Membership	15	13

The Employees' plan was closed to new entrants as of January 1, 2010.

Description of Municipal Police Pension Plan

The pension plan covers all full-time Borough police officers as of the date of hire. The plan provides retirement, disability, and death benefits to plan members and their beneficiaries. Retirement benefits vest after 12 or more years of service to the Borough. A plan member is eligible to receive normal retirement benefits upon reaching age 55 and 25 years of service at termination. The monthly normal retirement benefit is equal to 50 percent of the final 36-month average compensation. Plan members with at least 26 years of service at retirement also receive a Service Increment Benefit equal to an additional \$100 per month for each year of additional service, up to a maximum of \$500 per month. Early retirement is available after 20 or more years of service at termination. The amount of immediate monthly pension is the amount of the deferred monthly pension actuarially reduced to reflect early commencement of benefits. The deferred monthly pension is a percentage of the participant's final 36-month average salary and is payable commencing at the member's projected normal retirement date. The percentage is equal to 50 percent multiplied by the ratio of the participant's service at termination to projected service at normal retirement.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 4 OTHER INFORMATION (cont'd)

Member contributions are determined and amended through the Collective Bargaining Agreement. For the year ended December 31, 2015, member contributions were five percent of total compensation. The plan is subject to the funding and reporting requirements of the Pennsylvania Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984), Act 600, and the Collective Bargaining Agreement. The plan is governed by Borough Council, which is responsible for the management of plan assets. Benefit provisions have been established through collective bargaining. Administrative costs of the plan are financed through investment earnings.

This plan issues a stand-alone financial statement which can be obtained at the Borough's Administrative Office.

Description of Employees' Pension Plan

The pension plan covers all eligible full-time Borough employees (excluding police officers), except for employees hired after January 1, 2010. The plan provides retirement and death benefits to plan members and their beneficiaries. Retirement benefits vest after five or more years of service to the Borough at termination. A plan member is eligible to receive normal retirement benefits upon reaching age 58. The monthly retirement benefit is equal to 2.0 percent multiplied by the final 36-month average compensation multiplied by years of service (25 year maximum). Disability benefits have been revoked as of June 11, 2012 through Borough Council Ordinance No. 1050.

Member contributions are determined and amended through annual resolution of Borough Council. For the year ended December 31, 2015, member contributions were five percent of total compensation. The Borough is required by statute, principally Pennsylvania Act 205, to contribute the remaining amounts necessary to finance the fund. Benefit and contribution provisions are established by Pennsylvania law and may be amended only as allowed by Pennsylvania law. Administrative costs of the plan are financed through investment earnings.

This plan issues a stand-alone financial statement which can be obtained at the Borough's Administrative Office.

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting: The plans' financial statements are prepared using the cash basis of accounting. Plan members, employer contributions, benefits, and refunds are recognized in the period in which the cash is transacted.

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 4 OTHER INFORMATION (cont'd)

Method Used to Value Investments: Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

Contributions Required and Contributions Made

The pension plan funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate sufficient assets to pay benefits when due. Level percentage of payroll employer contribution rates are determined using the entry age normal actuarial funding method as required by Pennsylvania Act 205. The pension plan also uses a method defined by Act 205 to amortize the unfunded liability over a defined period.

Funded Status and Funding Progress

The funded status of each plan as of January 1, 2015, the most recent actuarial valuation date, is as follows:

	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b-a)/c]
Police	\$ 3,878,274	\$ 5,206,351	\$ 1,328,257	74.49%	\$ 921,775	144.10%
Employees'	\$ 1,647,166	\$ 1,965,164	\$ 317,998	83.82%	\$ 427,220	74.43%

The schedule of funding progress presented as supplementary information ("SI") immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the AAL for benefits.

Annual Pension Cost and Net Pension Obligation

The Borough's annual pension cost and net pension obligation for the pension plans for the current year are as follows:

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 4 OTHER INFORMATION (cont'd)

	Police	Employees'
Annual required contribution	\$ 296,783	\$ 82,961
Interest on net pension obligation	-	(4,507)
Adjustment to annual required contribution	-	4,007
Annual pension cost	296,783	82,461
Contributions made per MMO	(296,783)	(82,961)
Increase in pension obligation	-	(500)
Net pension obligation (asset) - beginning of year	-	(60,093)
Net pension obligation (asset) - end of year	\$ -	\$ (60,593)

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Police

In the January 1, 2015 actuarial valuation, the entry age actuarial cost method was used. The actuarial assumptions included a 7.75 percent investment rate of return and a five percent projected salary increase. The UAAL is being amortized based on the level percentage closed method with a 14-year amortization period.

Employees'

In the January 1, 2015 actuarial valuation, the entry age actuarial cost method was used. The actuarial assumptions included a 7.5 percent investment rate of return and a 3.5 percent projected salary increase. The UAAL is being amortized based on the level percentage closed method with an eight-year amortization period.

BOROUGH OF SWARTHMORE

2015	\$ 82,961	\$ 82,961	100%	\$ (60,593)

Other Post-employment Benefits

The Borough administers a public employee retirement, single-employer defined other post-employment benefit plan ("OPEB") to provide for certain postretirement healthcare benefits, the Police Post-Retirement Fund.

Plan membership was as follows, per the last actuarial valuation dated January 1, 2011:

	<u>Police</u>
Retirees and beneficiaries currently receiving benefits	-
Active plan members	<u>8</u>
Total Membership	<u>8</u>

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 4 OTHER INFORMATION (cont'd)

Description of the Plan

Through police contract, any officer who retires on a normal or service-related disability pension shall receive from the Borough, until the retired officer becomes eligible for Medicare, or until any other source of medical benefits becomes available through employment of the officer, or his or her spouse, a benefit equal to the cost of the basic single health coverage provided at the date of retirement.

The Borough shall also extend full coverage for the officer's spouse until the spouse is eligible for Medicare. The maximum benefit period for a spouse shall be 10 years with a maximum benefit payment of \$250 per month.

Basic coverage is defined as the medical, vision, and dental plan offered for active employees with no required co-pay. In the event of an officer's death in the line of duty, medical benefits enjoyed by the officer at the time of his or her death shall be continued for the officer's family until the death or remarriage of the widow/widower and until the children reach the age of 18, or if a full-time student, age 23. All post-retirement medical benefits will cease if any government-authorized or government-required health plan covering early retirees becomes available, provided that such plan provides the same or better level of coverage.

The plan does not issue a stand-alone financial report.

Funding Policy

Retirees are not required to make contributions to this plan. There are no required contributions of the employer. The contribution requirements of the Borough and plan members have been established and may be amended through Board Resolution and Police Labor Contracts. The Borough is accounting for these expenditures on a "pay-as-you-go" basis. For December 31, 2015, the Borough allocated \$32,000 into savings for this plan. The Borough has not established a separate trust for these benefits; therefore, allocated savings for the year are not listed in these notes as "contributions". The amounts shown as contributions are actual payments of insurance premiums for the year. The Borough has committed funds totaling \$252,756 in the General Fund for future post-retirement benefit costs. The annual cost of these benefits in 2015 was \$0. There were no retirees receiving benefits in 2015.

Funded Status and Funding Progress

The funded status of the plan as of the most recent actuarial valuation date is as follows:

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 4 OTHER INFORMATION (cont'd)

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b-a)/c]
1/1/2011	\$ -	\$338,028	\$ 338,028	0.00%	N/A*	0.00%

NA* - Benefits are not pay-related

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress, presented as supplementary information ("SI") following the notes to the financial statements, is to present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. However, because the Borough maintains no plan assets, required disclosures over plan assets is not applicable.

Projections of benefits are based on the types of benefits provided under the substantive plan at the time of each valuation and on the pattern of sharing of benefit costs between the employer and plan members to that point, and the projections of benefits for financial reporting purposes do not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future.

Annual OPEB Cost and Net OPEB Obligation

The Borough's annual OPEB cost is calculated based on the annual pension contribution ("APC") of the employer, an amount actuarially determined in accordance with the parameters of the GASB Standards Codification. The APC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period of 30 years. The following table illustrates the components of the Borough's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Borough's net OPEB obligation:

BOROUGH OF SWARTHMORE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 4 OTHER INFORMATION (cont'd)

	<u>Police OPEB</u>
Annual required contribution	\$ 46,158
Interest on net OPEB obligation	18,970
Adjustment to annual required contribution	(26,000)
Annual OPEB cost (expense)	39,128
Contributions made	-
Increase in net OPEB obligation	39,128
Net OPEB obligation - beginning of year	237,121
Net OPEB obligation - end of year	\$ 276,249

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2011 actuarial valuation, the projected unit credit age actuarial cost method was used. The actuarial assumptions included a 5.0 percent investment rate of return and an annual healthcare cost trend rate of 10 percent, reduced by decrements of 1.0 percent per year until an ultimate rate of 5.0 percent is reached. The amortization period is over 30 years and is calculated using the level dollar - open method.

Three-year Trend Information:

Year Ended December 31,	Annual OPEB Cost	Contributions	Percentage Contributed	Net OPEB Obligation (Asset)
2013	\$ 41,556	\$ -	0%	\$ 196,796
2014	\$ 40,325	\$ -	0%	\$ 237,121
2015	\$ 39,128	\$ -	0%	\$ 276,249

SUPPLEMENTARY INFORMATION

BOROUGH OF SWARTHMORE

SUPPLEMENTARY INFORMATION – EMPLOYEES' PENSION PLAN

SCHEDULE OF FUNDING PROGRESS

Ten-year historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The ten-year historical trend information is as follows: (beginning with the January 1, 2006 valuation)

	(1)	(2)	(3)	(4)	(5)	(6)
Actuarial Valuation Date	Net Assets Available for Benefits	Pension Obligation Benefit	(Overfunded) Unfunded Pension Benefit Obligation (2)-(1)	Percentage Funded (1)/(2)	Annual Covered Payroll	(Overfunded) Unfunded Pension Benefit Obligation as a Percentage of Covered Payroll (3)/(5)
1/1/06	*	*	*	*	*	*
1/1/07	1,246,311	1,237,510	(8,801)	100.71%	425,442	(2.07)%
1/1/08	*	*	*	*	*	*
1/1/09	943,283	1,542,001	598,718	61.17%	432,614	138.40%
1/1/10	*	*	*	*	*	*
1/1/11	1,106,525	1,534,669	423,144	72.10%	402,494	106.37%
1/1/12	*	*	*	*	*	*
1/1/13	1,361,156	1,600,218	239,062	85.06%	420,292	56.88%
1/1/14	*	*	*	*	*	*
1/1/15	1,647,166	1,965,164	317,998	83.82%	427,220	74.43%

* Information not available due to actuarial valuation required by Act 205 biennially.

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the pension benefit obligation as a factor.

To the Borough Council
Borough of Swarthmore
Swarthmore, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of the Borough of Swarthmore, Swarthmore, Pennsylvania, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Borough of Swarthmore's basic financial statements, and have issued our report thereon dated May 9, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough of Swarthmore's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Swarthmore's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Swarthmore's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We consider the deficiency described in the accompanying schedule of findings and recommendations as item #2013-001 to be a material weakness.

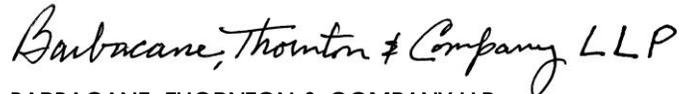

To the Borough Council
Borough of Swarthmore

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Swarthmore's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BARBACANE, THORNTON & COMPANY LLP

BOROUGH OF SWARTHMORE
SCHEDULE OF FINDINGS AND RECOMMENDATIONS
YEAR ENDED DECEMBER 31, 2015

STATUS OF PRIOR YEAR FINDINGS

JOURNAL ENTRIES

Finding #2013-001

According to the SAS No. 115 requirements, "Communicating Internal Control-Related Matters Identified in an Audit," a control deficiency exists when the auditor identifies a material misstatement in the financial statements that was not initially identified by the Borough's internal control. During our audit, we noted that the Borough of Swarthmore relies on the auditor in order to propose adjustments or corrections of the recorded amounts in its trial balance. The majority of the adjustments were to correct interfund balances and to record investment activity for the pension plans. We further noted that the journal entries that we proposed and management posted are material in the aggregate and represent a material misstatement in the financial statements for the period under audit that was not identified by the Borough's internal control.

Recommendation

We recommended that the Borough take the necessary action to properly record all of its transactions during the fiscal year in accordance with the cash basis of accounting.

Status

During our current year audit, we noted that material adjustments were again necessary to correct financial statement balances. Therefore, this finding remains applicable for the current year.

CURRENT YEAR FINDINGS AND RECOMMENDATIONS

None.
