Discussion ensued regarding the Aging in Place report, including wide ranging discussion regarding ADU's, Co-housing, zoning overlay opportunities, and specific locations that various zoning changes might have positive impacts.

Discussion regarding methods of making zoning revisions included discussions surrounding consulting assistance, grant availability to pay for the consultants, recommendations to the Borough Council etc.

Laura requested that the data from the visioning sessions be made available, Chris asked for additional information about the census projections in the aging in place report

Chris suggested that attending other borough government meetings could make our committee more effective:

- 1) Borough Council Meetings
- 2) Planning and Zoning Meetings
- 3) Other meetings?

Don Jones proposed a motion to adjourn, it was seconded by Laura Poltronieri at 9:45 pm
